## **NOTES**

In case of discrepancy between the English and French text contained in this Collective Agreement, the English version shall prevail.

An asterisk (\*) before a clause number denotes a change in language from the previous Collective Agreement.

## **\*PREAMBLE**

The purpose of this Agreement is to recognize the community of interest between the Employer and the Institute in promoting the utmost co-operation between the Employer and its employees, consistent with the rights of both parties and in the interest of providing an efficient and economic service to the taxpayers of the municipality.

The parties to this Collective Agreement recognize and accept the provisions of this Agreement as binding upon themselves and their representatives and upon employees covered by this Agreement, and agree that they and their representatives will observe the provisions of this Agreement.

This Collective Agreement expires on December 31, 2025. Unless otherwise specified in the Collective Agreement, all provisions become effective on the date of the award (April 11, 2024).

## ARTICLE 1

### **SCOPE AND RECOGNITION**

- \*1.01 The Employer recognizes the Institute as the exclusive bargaining agent for all those employees of the Employer employed in professional positions or in positions having a “professional capacity”, save and except those persons exempted because they perform work in a management capacity or exercise confidential responsibilities relating to labour relations issues, all students employed during the school vacation period (April 1<sup>st</sup> to September 7<sup>th</sup>), all persons employed in the Offices of the Mayor, Councillors, Auditor General, Integrity Commissioner and City Manager, all persons employed in Human Resources, all persons employed in the Payroll, Pensions and Benefits Service, all Budget Analysts and Budget Officers involved in budget analysis related to labour relations issues and members of all other bargaining units at the City of Ottawa.

The parties agree that they will be bound by the scope provisions and related explanations as set out in the Ontario Labour Relations Board decision dated January 11, 2001 (decision # 2353-00 PS).

#### **Clarification Note**

“Professional” positions or positions requiring employees to have a “professional capacity” will usually but not necessarily require eligibility for membership in a professional association, (or require such credentials) and are those positions that by the nature and scope of responsibilities and contacts demanded, require an incumbent to have a certain body of specialized knowledge usually obtained through the completion of a university degree or equivalent achievement in a particular field of discipline. The positions within the union may fall into one or more of the following categories:

- (i) Developing standards, policies and strategies, making recommendations and justifying findings;
- (ii) Continuing and substantive responsibility and accountability for program design development and management;
- (iii) Providing expert professional advice, direction, service/care and/or leadership.

1.02 Consultation Prior to Re-Scoping

The Employer agrees to hold meaningful consultations with CIPP prior to reaching any decisions on the potential re-scoping of positions out of or into the CIPP bargaining unit.

ARTICLE 2

**REPORTS AND RECOMMENDATION**

- 2.01 The Employer agrees that the reports or recommendations to Council dealing with matters covered by this Agreement or concerning the Institute or its members will be communicated to the Institute, where possible, in time for the Institute to express its opinion to the Employer or make submissions before the matter is dealt with by any Committee or Council, unless such reports or recommendations are deemed to be of a confidential nature relating to labour relations matters.

ARTICLE 3

**MANAGEMENT RIGHTS**

- 3.01 The parties recognize that it is the responsibility and the right of the Employer to:
- (a) administer the affairs of the Employer efficiently and effectively and in the interests of the general public;
  - (b) maintain order, discipline and efficiency;
  - (c) classify jobs;
  - (d) hire, transfer and promote employees subject to the provisions of the Collective Agreement;
  - (e) demote, suspend, discharge or otherwise discipline employees for cause, subject to the right of the employee concerned to file a grievance under the procedure outlined in Article 19;

- (f) manage the affairs of the Employer so as to assure the most efficient and economic provisions of service to the taxpayers and citizens of the City of Ottawa.

In exercising its management rights, the Employer will not act in a manner that is arbitrary, discriminatory or in bad faith.

## ARTICLE 4

### **DEFINITIONS**

#### 4.01 Definitions

For the purpose of this Collective Agreement the following definitions shall be applicable:

- (a) Institute shall mean the Civic Institute of Professional Personnel of Ottawa-Carleton.
- (b) Employer shall mean the City of Ottawa.
- (c) Permanent full-time employees are defined as employees regularly scheduled to work over twenty-four (24) hours per week for a continuous period.
- (d) Permanent part-time employees are defined as employees regularly scheduled to work twenty-four (24) hours per week or less for a continuous period.
- (e) Temporary employees are defined as full or part-time employees hired for a temporary period to cover leave of absence situations under the Agreement or for limited duration situations.
- (f) Casual employees are defined as employees who do not regularly work a predetermined schedule but are used on a relief or replacement basis or to cover unforeseen circumstances and usually on short-notice basis.

## ARTICLE 5

### **NO DISCRIMINATION**

- 5.01 The parties agree that every employee has a right to freedom from harassment in the workplace under the *Occupational Health and Safety Act*, R.S.O. 1990, and the Ontario *Human Rights Code*, R.S.O. 1990, as they may be amended from time to time. Any investigation into allegations of harassment shall be carried out in accordance with the *Occupational Health and Safety Act*.

In addition, the parties agree that every employee has a right to equal treatment with respect to employment and membership in the Institute without discrimination because of race, ancestry, place of origin, colour, ethnic origin, citizenship, creed, sex, sexual orientation, gender identity, gender expression, age, record of offences, marital status, same-sex partnership status, family status, disability, and political or religious affiliation. The above-noted grounds shall be as they are defined in the Ontario *Human Rights Code*, R.S.O. 1990, as amended, if they are so included.

5.02 **Designated Groups**

For the purposes of its overall equity and diversity initiatives, the City has identified women, Aboriginal persons, persons with disabilities, members of visible minority groups and gay, lesbian, bi-sexual and trans-gendered (GLTB) individuals. The selection of these groups does not preclude the possibility of addressing systemic discrimination for other identifiable groups.

Subject to the Union's approval, the Department Head, Director or Manager may adjust the normal hours of work set out in section 6.03 on a temporary basis, during a National, Provincial or Municipal declared state of emergency or pandemic. The Union will not unreasonably deny a request made pursuant to this section.

## ARTICLE 7

### OVERTIME AND PREMIUMS

7.01 Definition

Overtime means work authorized by the direct Manager or designate which is performed by an employee in excess of the normal hours of work. In those circumstances where prior approval of overtime cannot be obtained, and where the employee's presence would normally be deemed necessary by the Employer or required by law, such overtime will not be

unreasonably denied. Computation of overtime shall be based upon authorized time worked as set out in Section 7.02.

## 7.02 Basis of Computation

- (a) An employee who works overtime shall be credited with one (1) hour of compensatory leave or pay for each hour of such overtime to the closest half ( $\frac{1}{2}$ ) hour, provided a minimum of one (1) such hour has been worked. An employee authorized to work in excess of thirty-nine (39) hours per week shall be credited with one and one-half ( $1\frac{1}{2}$ ) hours of compensatory leave or pay for each hour of overtime to the closest half ( $\frac{1}{2}$ ) hour with the exception noted below.
- (b) A thirty-five (35) hour workweek employee authorized to work overtime will be compensated at straight time for the first four (4) hours of overtime. The employee will be compensated at time and one-half ( $1\frac{1}{2}$ ) for all hours worked in excess of thirty-nine (39) hours per week with the exceptions noted below.
- (c) A forty (40) hour workweek employee authorized to work overtime will be compensated at time and one-half ( $1\frac{1}{2}$ ) for all hours worked in excess of forty (40) hours per week with the exceptions noted below.
- (d) Employees in the Ottawa Paramedic Service Branch

Where employees in the Ottawa Paramedic Service Branch are authorized to work in excess of forty (40) or forty-two (42) hours averaged over a two (2) week period, they shall be credited with one and one half ( $1\frac{1}{2}$ ) hours of compensatory leave or pay for each hour of overtime to the closest half ( $\frac{1}{2}$ ) hour.

- (e) Employees in Theatre Operations

Employees in Theatre Operations authorized to work in excess of seventy (70) hours over a two (2) week period shall be credited with one and one half ( $1\frac{1}{2}$ ) hours of compensatory leave or pay for each hour of overtime to the closest half ( $\frac{1}{2}$ ) hour.

See Letter of Understanding #1

### 7.03 On Call

On call compensation shall be defined as compensation received by an employee as a result of the employee being placed on a stand-by basis, by the Manager or designate, outside the employee's normal working hours. Stand-by means the Employer has directed the employee to remain available for work outside the employee's normal working hours.

- i) Any employee placed on call on their normal workday shall be entitled to receive one (1) hour of pay at straight time for each eight (8) hour period of on call.
- ii) An employee placed on call during their scheduled days of rest or on a statutory/declared holiday shall be entitled to receive three and one-half (3 ½ ) hours of pay at straight time for each 12 hour period of on call.

Where an employee is placed on call for a shorter or longer period than the period provided in (i) and (ii) above, the on-call pay shall be pro-rated accordingly.

Days for the purpose of on call compensation shall be defined as the period starting at 00:01 am and ending at midnight unless otherwise agreed between the parties.

On call compensation can either be paid out or accumulated as compensatory leave credits as outlined in article 7.05.

### 7.04 Call Back Outside Schedule

- (a) Where an employee is called back to work by the Employer at any time outside the employee's normal working hours, the employee shall earn compensatory leave credits or compensation at the rate of one and one-half (1 ½) hours for each hour of overtime worked, or a minimum of three (3) hours' pay at straight time, whichever is greater.

Call Back includes the performance of one's duties via the internet.

- (b) Where an employee receives phone calls, text messages, e-mails or other electronic messaging that requires immediate response or action, the employee shall follow the approval process established by management prior to taking action. The employee shall earn compensatory leave credits or compensation at the rate of one (1) hour

for each hour of overtime worked, or a minimum of one half (½) hour of pay at straight time.

Call back hours worked do not count towards the accumulation of hours for the purposes of Sections 7.01 and 7.02.

See Letter of Understanding #2

#### 7.05 Election of Leave or Cash

The employee must make an election on each occasion when applying for overtime credit between compensation in cash or leave.

Overtime to be compensated for by cash shall be recorded by the employee's immediate Manager for each two (2) week pay period. When the employee elects compensation in the form of cash, the employee shall be paid following the pay period in which it was earned.

The accumulated compensatory leave credits shall not exceed one hundred (100) hours at any time. Any credits over the 100 hour maximum leave balance will be paid out in cash. Only when an employee has reduced the leave bank to less than 100 hours will the employee be allowed to earn additional leave credits up to the 100 hour maximum.

When compensatory leave credits are cashed out, they are paid at the rate of pay at which they were earned. When compensatory leave credits are taken in time, they are paid at the rate applicable at the time the leave is taken.

#### 7.06 Scheduling of Compensatory Leave

Consistent with the requirements of the Employer and subject to adequate advance notice by the employee, the Employer shall grant compensatory leave at times which are mutually acceptable to the employee and to the Employer. Special consideration will be given by the Employer to employees who wish to take compensatory leave at times which are contiguous to periods of annual leave.

Such requests shall not be unreasonably denied.

7.07 Premium Pay – Saturday and/or Sunday Hours

- (a) Employees are entitled to a 7% weekend premium for all regularly scheduled hours worked on Saturday and/or Sunday.
- (b) Employees who are not regularly scheduled to work on Saturday and/or Sunday and who are authorized by the direct Manager or designate to work on Saturday and/or Sunday, shall receive a 7% weekend premium, unless they are already in receipt of premium overtime pay for work performed on the Saturday or Sunday.

ARTICLE 8

**ANNUAL LEAVE**

8.01 Annual leave shall be earned and granted to employees as follows:

- (a) Three (3) weeks per year, which is earned at the rate of one and one-quarter ( $1 \frac{1}{4}$ ) working days for each calendar month in which the employee has received at least fifteen (15) days' pay, if the employee has completed less than five (5) years of continuous employment;
- (b) Four (4) weeks per year, which is earned at the rate of one and two-thirds ( $1 \frac{2}{3}$ ) working days for each calendar month in which the employee has received at least fifteen (15) days' pay, if the employee has completed five (5) but less than fifteen (15) years of continuous employment;
- (c) Five (5) weeks per year, which is earned at the rate of two and one-twelfth ( $2 \frac{1}{12}$ ) working days for each calendar month in which the employee has received at least fifteen (15) days' pay, if the employee has completed fifteen (15) years but less than twenty-two (22) years of continuous employment;
- (d) Six (6) weeks per year, which is earned at the rate of two and one-half ( $2 \frac{1}{2}$ ) working days for each calendar month in which the employee has received at least fifteen (15) days' pay, if the employee has completed twenty-two (22) years but less than thirty (30) years of continuous employment;

- (e) Seven (7) weeks per year which is earned at the rate of two and nine-tenths (2 9/10) working days for each calendar month in which the employee has received at least fifteen (15) days' pay, if the employee has completed thirty (30) or more years of continuous employment.

#### 8.02 Annual Leave in the First Year of Employment

##### An employee may be granted:

- (a) annual leave up to the amount of earned credits during the first six (6) calendar months of employment; and
- (b) annual leave in excess of the earned credits to the extent of credits that they would accumulate to the end of that year, after the first six (6) calendar months of employment.

#### 8.03 Advance Leave may be Granted

After the first year of continuous service, an employee may be granted annual leave in excess of earned credits to the extent of credits that would accumulate to the end of that year, subject to 8.06 below.

#### 8.04 Use of Annual Leave

Subject to the operational requirements, the Employer agrees to permit employees to take all of the annual leave earned by them in the year in which it is earned. Where, however, in any year the Employer has been unable to grant all of the annual leave earned by the employee in that year, the unused portion of annual leave shall be carried over into the following year.

#### 8.05 Maximum Carry-Over

Employees are not permitted to carry over more annual leave into the following year than the number of days of leave earned by them in that year unless they receive prior authorization from their immediate Manager.

#### 8.06 Return of Overpayment

If an employee has taken more annual leave than the employee has earned, when the services of the employee are terminated for any reason, the salary overpayment resulting from the use of the unearned annual leave may be deducted from the employee's outstanding earnings and the

parties agree that the authorization for such a deduction shall be deemed to have been provided to the Employer by the employee, pursuant to the Employment Standards Act.

8.07 Payment Upon Termination

When the employment of an employee is terminated for any reason and the employee has earned but has not used annual leave, the employee or the estate of the deceased employee shall be paid all such unused vacation credits at the current rate of the employee immediately prior to the termination of employment.

8.08 Deferred Annual Leave for Retirement Purposes

An employee who has completed twenty (20) or more years of continuous service and who is age fifty-five (55) or more, shall be entitled to defer annual leave for retirement purposes subject to the following stipulations:

- (a) such deferment of annual leave is to a maximum of one (1) week per year, and; to a maximum total of ten (10) such weeks of deferred annual leave for retirement purposes;
- (b) such deferred annual leave is to be used immediately prior to the employee's retirement from the City and is to be used as pre-retirement leave in accordance with the City Accumulated Sick Leave Policy as amended from time to time;
- (c) the request to defer annual leave must be made known to Human Resources, in writing, prior to December 31 of the year in which such week of deferred annual leave is earned;
- (d) an employee who dies or terminates employment prior to retirement from the City shall be paid for such deferred annual leave at termination;
- (e) where former sick leave bank, vacation carryover, vacation earned in year of retirement, and overtime credits entitlements are due and owing to a retiring employee under this Agreement, such entitlements shall be in addition to deferred annual leave under this article;
- (f) an employee who has deferred annual leave credits shall not be entitled to any other leaves of absence during such deferred annual

leave. At the commencement of deferred annual leave, the employee's position shall be declared vacant.

8.09 Reinstatement of Vacation Leave Due to Disability

The Employer will consider reinstating annual leave credits if an employee becomes seriously disabled while on annual leave. The following conditions will apply:

- (a) The employee must provide a medical certificate justifying the application for annual leave reinstatement. No consideration will be given for any time before the date the employee actually received professional medical attention.
- (b) The period of disability is at least three (3) consecutive days.
- (c) The disability/illness must be of sufficient severity to significantly restrict alternate activities and impair any possible enjoyment of the vacation. The employee must provide Management with sufficient information to make this assessment.
- (d) The employee must notify their Manager at the earliest date following the commencement of the disability and apply for reinstatement of their annual leave credits. No consideration will be given for any period of time prior to the application for reinstatement.

The Institute and the Employer may mutually agree to waive this requirement.
- b) If a complaint remains unresolved, the Institute may file a grievance on behalf of the employee in writing within thirty (30) days after the circumstances giving rise to the complaint have occurred or have come or ought reasonably to have come to the attention of the employee.

- (iii) The Employer shall provide surplus employees with eight (8) weeks written notice. During this period and notwithstanding the provisions of Article 25 - Posting of Vacancies, where a permanently established position has been declared redundant, the Employer shall endeavour to place the surplus employee in a vacant position at an equivalent or lower or higher classification for which the employee is suited by education, training and work experience subject to the employee meeting the job qualifications, and having the ability to do the work. The job qualifications shall be those as established by the Employer that are required to perform the normal functions of the position. The job qualifications shall not be established in an arbitrary or discriminatory manner.

"Declared surplus or redundant" shall be interpreted as the deletion of the position in question from the establishment of the Employer.

- (iv) When identifying the surplus employee(s) arising out of a redundancy within a job code, the Employer shall make every reasonable effort to identify the most junior employee within that job code as surplus unless the Employer deems it

necessary to keep a junior employee in order to ensure the service delivery. Should the Employer be required to transfer staff in order to be able to achieve this circumstance, the Institute agrees they will not seek to claim a right of challenge to such changes through the grievance procedure.

As increases in pay are negotiated, the employee shall be entitled to receive one-half of the negotiated increases until the employee's higher rate of pay falls within the pay band of the position in which they were placed.
- (ii) Where employees are appointed to positions in accordance with (b)(i) above, the employees shall continue to be considered for placements into higher classifications than that into which they have been placed, until such time as they can be placed into a position at the same classification level held prior to the placement in the lower classification by the Employer.
- (iii) Where an employee has been placed in a lower level position as per (b) (i) above, the Employer's obligation under (b) (i) and (ii) above for consideration for placement into a job at the same level as the position they held at the time of redundancy shall be limited to a period of 24 months from the date on which an employee is declared surplus. This provision does not alter employees' rights under clause 23.02 below. The Employer will provide the Union with a status report on efforts made for the placement of surplus employees every two (2) months.

- (c) Where two or more employees are equal candidates for placement into a position pursuant to subsection (a) above, length of service shall be considered by the Employer.

- (d) Surplus employees will also be considered for temporary assignments, where no permanent vacancies are available. The eight (8) week notice period set out in Subsection 23.01 (a)(ii) will not be paused or extended if the employee is placed into a temporary assignment.
- (e) In the event the 8-week notice period concludes and the affected employee is not placed in a permanent position under the process outlined in 23.01(a)(ii), the employee shall be entitled to a four (4) month period where they may apply to be considered for placement opportunities in a vacant position at an equivalent or lower or higher classification for which the employee is suited by education, training and work experience, subject to the employee meeting the job qualifications, and having the ability to do the work. The job qualifications shall be those as established by the Employer that are required to perform the normal functions of the position.

The job qualifications shall not be established in an arbitrary or discriminatory manner.

During the four (4) month period, it will be the sole responsibility of the affected employee to review posted jobs and identify vacant positions for placement consideration to their designated Human Resources contact.

If the affected employee is appointed to a temporary assignment, the four (4) month period will not be paused or extended as a result of a temporary assignment.

In the event the affected employee's temporary assignment ends during the four (4) month period set out above, the employee will be terminated. Notwithstanding the termination, the employee will be entitled to the remainder of the four (4) month period set out above, if any.

If the affected employee is not appointed to a position during the eight (8) week notice period set out in Subsection 23.01 (a)(ii), the four (4) month period set out above will commence from the date of actual termination.

In the event an employee elects for the payment (outlined in Section 23.02) immediately upon termination, the entitlement to the four (4) month period set out above will end. It is recognized that in extenuating circumstances the Employer may, with the concurrence of the Institute, make alternate arrangements with the employee.

Where these unposted temporary vacancies are filled and extended beyond twelve (12) months, they shall be subject to the posting requirements of Section 25.01 above.

#### 25.04 Duration of Temporary Vacancies

- (a) It is recognized that the Employer, on occasion, has staffing requirements that are full-time but for a definite duration. When such is the case, the Employer may hire individuals provided that their term of employment does not exceed twenty-four (24) months. Where the Employer's need for the individuals is further assessed and may exceed the twenty-four (24) month period, the temporary employment may be extended upon mutual agreement of the parties.

If the employee does not hold a substantive position and the Employer fails to secure the Union's agreement for an extension where the employee continues to work in the same position beyond the twenty-four (24) month threshold, the employee will be afforded article 23.02 rights as provided for in the collective agreement, upon termination of the temporary employment. It is understood that the requirement to seek the Union's agreement for extensions applies only to employees who do not hold a substantive position.

In cases where employees do not hold a substantive position and are renewed in the same temporary position beyond thirty-six (36) months, they will be entitled to the provisions of Article 23.02 upon termination from the temporary employment.

- (b) Where a temporary vacancy is created as a result of temporary external funding (in whole or in part) or development charge money, the temporary vacancy shall be for the duration covered by the funding to a limit of thirty-six (36) months. If renewal money is received for the same position(s) or project, the Employer will secure CIPP's agreement concerning extending the temporary appointment. In such case, the Employer will initiate discussions on the extension at least two (2) months prior to the end date of the original temporary vacancy.

Successful candidates for the temporary vacancies will be afforded all of the Collective Agreement entitlements of permanent employees based on their employment status (i.e. full-time or part-time) with the exception of Article 23 – Organization Change.

The provisions of Article 23.02 will be applicable on renewals beyond the original thirty-six (36) months.

In cases where employees do not hold a substantive position and are renewed in the same temporary position or project beyond the original thirty-six (36) months, they will be entitled to the provisions of Article 23.02 upon termination from the temporary employment.

## 25.05 Eligibility List

### (a) Purpose of List

Where a hiring Manager(s) anticipate multiple vacancies in a job code, the Employer may elect to establish an eligibility list of candidates that

successfully completed the selection process but were not appointed to the vacant position. The purpose of the list will be to appoint these candidates without competition as vacancies occur in the hiring Manager's area(s).

(b) Prior Approval of the Union

The Employer will seek the Union's approval to create an eligibility list. The Union will not unreasonably deny the Employer's request.

(c) Specific Mention on Competition Notice

Once approval has been received from the Union, the Employer will make specific mention of its intention to establish an eligibility list along with the duration of the list on the competition notice.

The competition process shall be conducted in accordance with Article 25 - Vacancies.

(d) Ranking on List

The list will contain the names of successful candidates placed in descending ranking order based on the results of the competitive process.

(e) Duration of Eligibility List

The eligibility list may be effective for a period of up to twelve (12) months from the date of closing of the competition, as determined by the Employer and indicated on the notice of competition.

(f) Communication to Employee and the Union

Following completion of the competitive process, the Employer will inform candidates whose names appear on the eligibility list by way of a letter. The union may request a confidential copy of the eligibility list. The Employer shall not unreasonably deny the union's request.

g) Appointment from the List

Where an eligibility list has been established for vacant positions, the successful candidates from the eligibility list will be offered vacancies based on their ranking on the list, subject to meeting the language designation of the vacant position.

Listed candidates may refuse an employment offer. If the offer is for a temporary position, their names will remain on the list. However, if they refuse an offer for a permanent position, their names will be removed from the list. Listed candidates accepting a temporary position do not forfeit their rights to offers for permanent employment during the temporary assignment.

The ranking on the list of an employee accepting a temporary position will not be altered.

#### 25.06 Access to Substantive Position

Employees appointed into temporary positions retain the right to return to their substantive position unless their position has been declared redundant, in which case Article 23 – Organization Change provisions will apply.

When an employee is directed to temporarily perform the full duties of a position in a classification having a higher salary range for a period of more than ten (10) continuous working days, the employee shall receive acting pay retroactive to the first day.

Acting Pay is to be calculated as established in Article 28.04.

- 28.04 (a) When a City employee is promoted to a permanent, temporary or acting position or reclassified upward to a position with a higher salary range, the employee shall be paid:
  - i) the first year rate in the salary range to which the employee has been appointed, or

- ii) a base rate within the salary range to which the employee has been appointed which will provide a salary rate at least 4% higher than the highest salary rate which the employee would have received within the next 52 week period had an appointment not taken place, whichever is greater.
  - iii) "The highest salary rate which the employee would have received within the next 52 week period" is the rate of pay that the employee would have attained solely through their salary increment progression within the salary schedule in effect on the date of the permanent, temporary or acting promotional appointment or upward reclassification.
  - iv) For greater clarification, "the highest salary rate which the employee would have received within the next 52 week period" exclusive of any negotiated economic increases (future or retroactive application) regardless of their effective date.
- (b) The effective date of the promotion, temporary appointment, reclassification or acting assignment will become the date for establishing future salary increments.
  - (c) At the end of an acting assignment or temporary appointment, an employee returns to their substantive position at the increment in the salary scale they would then have reached had they not been acting. The employee's increment date will revert to the increment date associated with their substantive position.

In this circumstance, the employee's increment date will not change and the employee shall receive 100% of the negotiated economic increases.

Should the employee's salary be in excess of the maximum rate of pay for the new classification, such salary will be frozen as of the date of the reclassification save and except one hundred percent (100%) of any increases in pay negotiated by the Parties.

### **WORKPLACE SAFETY AND INSURANCE**

#### 38.01 Medical Care and Treatment

Employees who are absent from duty as a result of an occupational illness or injury arising from employment within the meaning of the *Workplace Safety and Insurance Act* (WSIA) shall be provided with medical care and treatment as provided in the Act.

#### 38.02 Medical Certificate Requirement

Employees who are absent from duty as a result of a work related accident may be required to produce any medical certificate necessary within the first ten (10) working days of absence. It may be necessary to renew such certificates every twenty (20) working days thereafter unless the Employer is satisfied with the initial certificate indicating the total period of absence and probable date of return to work.

#### 38.03 Entitlement

Employees who suffer an occupational illness or injury arising out of and in the course of employment within the meaning of the *Workplace Safety and Insurance Act* shall be entitled to the following:

##### (a) Salary

Payment of salary or earnings by the Employer to the maximum allowable under the *Workplace Safety and Insurance Act* from the date of disability. The Employer shall also pay to employees, where applicable, the difference between the maximum allowable under the Act and the actual amount equal to the employees' salary as set out in the Salary Schedules. It is recognized that this top-up is a taxable benefit and that this top-up only applies in respect to the actual duration of the approved claim. The combined effect of the employee's entitlement under the WSIA and the top-up payment shall not exceed the employee's pre-injury net pay after tax and legislated deductions. Where a claim has been disallowed or discontinued by the WSIB all payments made by the Employer will be recovered from the employee's Income Protection Plan or from the employee if the employee's application for Income Protection Plan benefits is disallowed. 38.05 Employer shall Attempt to Place Employees

In the event that an employee is able to return to light or modified duties as determined by the Workplace Safety and Insurance Board of Ontario, the Employer shall attempt to provide such work as the employee was doing at the salary they were receiving prior to the accident. In the event that the Employer cannot place the employee at their former work, the employee shall receive the salary of the job performed.

38.06 The salary paid to an employee for work performed shall not be reduced as a result of the employee receiving a net economic loss award (NEL) for a past injury from the Workplace Safety and Insurance Board.

38.07 Employee Right to Award for Injury

ARTICLE 40

\*40.01 Employees shall have the opportunity to consider alternative work arrangements such as reduced work arrangement, job sharing, compressed work week and hybrid work in accordance with the City's Alternative Work

Arrangement Policy, supporting procedures, as amended from time to time, and the terms set out below and the parties agree to consult as required regarding the application and implementation of these alternative options as part of their joint commitment to promote these beneficial workplace alternatives.

In approving or terminating alternative work arrangements, the City shall not act in a manner that is arbitrary, discriminatory or in bad faith.

#### 40.02 Reduced Work Arrangements

- (a) Subject to operational requirements, the Employer will consider employee proposals for reduced work arrangements whereby employees can work a minimum of 80% and a maximum of 95% of the weekly hours of work of a comparable full time position. The employee's rate of pay will be adjusted accordingly.
- (b) All reduced work arrangements shall be subject to approval of the Employer and the Institute and must be confirmed in writing to the employee requesting such an arrangement prior to the commencement of such reduced work.
- (c) All reduced work arrangements shall be for an initial period of one year and are renewable annually. The parties make no commitment that the arrangement will be renewed. Where the Employer does not wish to renew the arrangement, the employee will be provided with a minimum six (6) week notice period.

  - i) Leaves - all leave entitlements, except bereavement, shall be pro-rated to reflect the employee's weekly hours of work under the reduced arrangement in relation to the normal full time hours of work. - v) Statutory Holidays – Employees will receive 4.8% of their regular (reduced) earnings on a bi-weekly basis in lieu of statutory and declared holidays.

#### 40.03 Job Share

- (a) Subject to operational requirements, the Employer is prepared to consider employee proposals for job share arrangements whereby two employees can be permitted to share the work of one permanent full time position.
- (b) All job share arrangements shall be subject to approval of the Employer and the Institute and must be confirmed in writing prior to the commencement of such a shared arrangement.
- (c) All job share arrangements are renewable annually but the parties make no commitment that the job share arrangements will be renewed.
- (d) Employees wishing to share the work of another employee must have the ability to perform the duties of the job they are proposing to share.
- (e) The position of the job sharing partner left vacant shall be filled in accordance with the terms of the Collective Agreement recognizing the job share employee's right to return to that position at the expiration or termination of the job share arrangement.
- (f) All other employees temporarily transferred, promoted, acting or hired as a result of the job share arrangement shall return to their former positions or status upon the expiration or termination of the job share.
- (g) Where a party to a job share arrangement wishes to terminate the arrangement prior to the expiration date, the employee shall provide his or her job share partner, the Employer and the Institute with as much notice as possible (in advance) but not less than thirty (30) days

notice. The Employer may terminate any job share during the term on the basis of operation/service concerns with thirty (30) days notice to the employees affected and the Institute.

- (h) Employees will accumulate service for purposes of increments in accordance with the part time provisions.
- (i) If the job sharing arrangement is satisfactory to both parties and has continued for two (2) years, the Employer may consult with the Institute for the purpose of implementing such arrangement on a permanent basis.

Upon determination that the job sharing arrangement shall be a permanent arrangement, the temporary position created as a result of the original trial job share shall be advertised and filled in accordance with the provisions of the Collective Agreement.

- (j) The job shares will be considered as regular part time employees and all entitlements shall be in accordance with the part time provisions of the Collective Agreement – subsection 36.02 (b)(ii).

#### 40.04 Compressed Work Week

##### (a) Procedure

A compressed workweek allows employees to work longer days for part of the week or pay period in exchange for shorter days or a day off. Compressed work schedules can be established for one week, two week or three week periods.

Employees are required to complete the “Compressed Work Week Agreement” form provided by the Employer and forward it to their Manager for approval.

The Manager will review the request to ensure that it complies with the Collective Agreement and the Alternate Work Arrangements policy. If the request is approved, the Manager will sign the “Compressed Work Week Agreement”. A Manager’s decision to deny a request must be communicated to the employee in writing.

The term of the arrangement will be for a maximum of twelve (12) months. The Manager or employee may cancel the work arrangement by providing two (2) week notice in writing. This does

not preclude the Manager from suspending or cancelling the arrangement at any time because of operational requirements. At the conclusion of the arrangement, the employee will return to their regular work week schedule. The compressed work week arrangement can be re-negotiated subject to the approval of the Manager and the employee.

(b) Scheduled Days Off

Scheduled days off must be predetermined and consistently taken as set out in the "Compressed Work Week Agreement". Scheduled days off are considered days of rest and must be earned prior to taking them. Scheduled days off cannot be accumulated or banked.

Employees who wish to come to work on a scheduled day off must obtain prior approval and select an alternate day off, mutually agreed to with their Manager. Where an earned day off falls on a statutory holiday, the employee and Manager may select a mutually acceptable alternate day off.

(c) Absences

A compressed workweek arrangement creates longer workdays. Absences must account for the additional hours of missed work. All absences from work under the compressed workweek arrangement will be dealt with as follows:

- (i) where the leave does not exceed two (2) days, the employee may:
  - make up the difference in time between the compressed work week extended day and the standard work day, or
  - revert to the standard days for that cycle;
- (ii) where leave exceeds two (2) days, management can request the employee to revert to the standard work days for the cycle;
- (iii) where the combination of a statutory holiday and another leave exceeds the two (2) days, the arrangement may be suspended for that cycle.

For the purpose of tracking leave on the payroll system, leave will continue to be recorded in actual hours taken, where applicable, as in special leave and time off in lieu of overtime.

(d) Owed Time

Where the employee or the City “owes time”, the make-up of hours owed is to be mutually agreed to between the Manager and the employee and should be taken during the cycle in which it is owed, or not later than the next cycle.

(e) Operational Differences

This procedure recognizes that there are different City work situations. For example:

- 7 and 8 hour set shifts;
- 8 and 12 hour rotating shifts;
- 7 day operations; and
- operations that are dependent on set work crews and schedules or interdependent work teams.

The different situations may require modifications to the compressed workweek arrangement. Where management and employees are considering modified approaches, the fundamental principles of the Alternate Work Arrangement Policy and this procedure will continue to apply.

(f) Definitions

**Compressed Day:** the regular day(s) off resulting from an employee working a compressed workweek.

**Compressed Workweek:** an arrangement whereby employees work longer shifts in exchange for a reduction in the number of work days in their working cycle (i.e. on a weekly or biweekly basis).

\*40.05 Hybrid Work

Hybrid work is a flexible working arrangement where employees may receive approval to carry out their work duties at a combination of locations, including their designated work location, alternate City of Ottawa facilities, and their personal residence workplace in accordance with the Employer’s Hybrid Work Procedures as amended from time to time.

The Employer will consider requests for hybrid work in accordance with the Employer's Hybrid Work Procedures as amended from time to time. Requests for hybrid work will take into consideration elements such as operational needs and they shall be assessed on an individual basis. No request for hybrid work arrangement should be unreasonably denied.

The term of the hybrid agreement arrangement is up to a maximum of twelve (12) months. The hybrid work arrangement can be renewed annually, subject to the approval of the Employer.

The Employer or employee may cancel the arrangement at any time by providing a written explanation and a minimum of four (4) weeks' notice. This does not preclude the Employer from suspending or cancelling the arrangement at any time because of operational requirements or changes in the role or circumstances of the employee. At the conclusion of the arrangement, the employee returns to their designated work location.
